

Get a Jump on College Costs

Plan to go to college? These smart strategies will help you cut the high cost. Shop around, you needn't go to an expensive out of state school to get a good education. The school near home might be the best choice. Earn part of your degree at a community college. By getting an associate degree, you'll spend a lot less on tuition and books while covering the basic requirements to continue at a four year school, credits generally transfer. Take summer courses at inexpensive, nearby schools, just make sure you can transfer credits. Work a few years first. Rather than depend totally on students loans, grants, and a part-time jobs during college, earn some of your tuition before going to school. Within a few years, you can save a good portion of the cost and have a lot less debt afterwards.

Money Trouble?

If you're behind in paying your bills, don't despair. Your credit union can help with money troubles. It's especially important to contact us if you can't pay back a loan. Don't ignore the problem. Instead, call the credit union and explain why you're delinquent. Perhaps you can lower the payments and pay the loan over a longer period of time. At the same time, you can get some tips on good money management. By being straight with your credit union, you come out ahead. The next time you need credit, you'll be more likely to get it. If you don't try to make good on your loan, you'll lose a valuable source of credit. Other lenders, if they do give you money, will charge more. If you need help, get it from Riverfork Federal Credit Union. We want to help you solve your money problems.
